Wolverine Execution Services, LLC:

Wolverine Execution Services, LLC (WEX) is a broker-dealer that offers an options trading platform with connectivity to option exchanges, as well as a suite of execution algorithms. UBS Securities LLC pays fixed costs to WEX for accessing the option exchanges in conjunction with utilizing their trading platform and execution algorithms. Though UBSS accesses options markets via WEX, exchanges may send execution costs, offset by any rebates, directly to UBSS. UBSS may receive volume adjusted fees and rebates from exchanges (i.e., "pass-through rebates") based on WEX's tiers from certain exchanges. The amount of pass-through rebates may vary based on trading activity, and where UBSS benefits from WEX's tiers, these rates may vary depending on WEX's overall trading volumes from their clients, including UBSS. Any option exchange in its sole discretion may also add, remove, and change both volume tiers, and/or exchange fees and rebates month-to-month. For Q3 2021, total exchange fees exceeded total rebates.

On a monthly basis, UBS also receives summary information from WEX, which includes monthly adjustments inclusive of exchange pass-through rebates as well as monthly charges. Such pass-through rebates from WEX will vary month-to-month depending on UBSS's trading activity levels and the exchanges volume tiers, and/or exchange fees and rebate schedules month-to-month. The total amount of monthly credits may exceed the total monthly charges. For Q3 2021, UBS received pass-through rebates from the BOX Options Exchange, Miami International Securities Exchange, International Securities Exchange, PHLX Options Exchange, CBOE BZX Options Exchange and the Cboe EDGX Exchange. The total amount of the monthly credits exceeded the total monthly charges.

For more information related to WEX, please see their SEC Rule 606 disclosures and routing information: <https://www.tradewex.com/Home/Rule606>.

Wolverine Execution Services, LLC:

Wolverine Execution Services, LLC (WEX) is a broker-dealer that offers an options trading platform with connectivity to option exchanges, as well as a suite of execution algorithms. UBS Securities LLC pays fixed costs to WEX for accessing the option exchanges in conjunction with utilizing their trading platform and execution algorithms. Though UBSS accesses options markets via WEX, exchanges may send execution costs, offset by any rebates, directly to UBSS. UBSS may receive volume adjusted fees and rebates from exchanges (i.e., "pass-through rebates") based on WEX's tiers from certain exchanges. The amount of pass-through rebates may vary based on trading activity, and where UBSS benefits from WEX's tiers, these rates may vary depending on WEX's overall trading volumes from their clients, including UBSS. Any option exchange in its sole discretion may also add, remove, and change both volume tiers, and/or exchange fees and rebates month-to-month. For Q3 2021, total exchange fees exceeded total rebates.

On a monthly basis, UBS also receives summary information from WEX, which includes monthly adjustments inclusive of exchange pass-through rebates as well as monthly charges. Such pass-through rebates from WEX will vary month-to-month depending on UBSS's trading activity levels and the exchanges volume tiers, and/or exchange fees and rebate schedules month-to-month. The total amount of monthly credits may exceed the total monthly charges. For Q3 2021, UBS received pass-through rebates from the BOX Options Exchange, Miami International Securities Exchange, International Securities Exchange, PHLX Options Exchange, CBOE BZX Options Exchange and the Cboe EDGX Exchange. The total amount of the monthly credits exceeded the total monthly charges.

For more information related to WEX, please see their SEC Rule 606 disclosures and routing information: <https://www.tradewex.com/Home/Rule606>.

Material Aspects:

Wolverine Execution Services, LLC:

Wolverine Execution Services, LLC (WEX) is a broker-dealer that offers an options trading platform with connectivity to option exchanges, as well as a suite of execution algorithms. UBS Securities LLC pays fixed costs to WEX for accessing the option exchanges in conjunction with utilizing their trading platform and execution algorithms. Though UBSS accesses options markets via WEX, exchanges may send execution costs, offset by any rebates, directly to UBSS. UBSS may receive volume adjusted fees and rebates from exchanges (i.e., "pass-through rebates") based on WEX's tiers from certain exchanges. The amount of pass-through rebates may vary based on trading activity, and where UBSS benefits from WEX's tiers, these rates may vary depending on WEX's overall trading volumes from their clients, including UBSS. Any option exchange in its sole discretion may also add, remove, and change both volume tiers, and/or exchange fees and rebates month-to-month. For Q3 2021, total exchange fees exceeded total rebates.

On a monthly basis, UBS also receives summary information from WEX, which includes monthly adjustments inclusive of exchange pass-through rebates as well as monthly charges. Such pass-through rebates from WEX will vary month-to-month depending on UBSS's trading activity levels and the exchanges volume tiers, and/ or exchange fees and rebate schedules month-to-month. The total amount of monthly credits may exceed the total monthly charges. For Q3 2021, UBS received pass-through rebates from the BOX Options Exchange, Miami International Securities Exchange, International Securities Exchange, PHLX Options Exchange, CBOE BZX Options Exchange and the Cboe EDGX Exchange. The total amount of the monthly credits exceeded the total monthly charges.

For more information related to WEX, please see their SEC Rule 606 disclosures and routing information: <https://www.tradewex.com/Home/Rule606>.
