Wolverine Execution Services, LLC:

Wolverine Execution Services, LLC (WEX) is a broker-dealer that offers an options trading platform with connectivity to option exchanges, as well as a suite of execution algorithms. UBS Securities LLC pays fixed costs to WEX for accessing the option exchanges in conjunction with utilizing their trading platform and execution algorithms. Though UBSS accesses options markets via WEX, exchanges may send execution costs, offset by any rebates, directly to UBSS. UBSS may receive volume adjusted fees and rebates from exchanges (i.e., "pass-through rebates") based on WEX's tiers from certain exchanges. The amount of pass-through rebates may varies based on trading activity, and where UBSS benefits from WEX's tiers, these rates may vary depending on WEX's overall trading volumes from their clients, including UBSS. Any option exchange in its sole discretion may also add, remove, and change both volume tiers, and/or exchange fees and rebates month-to-month.

On a monthly basis, UBS also receives summary information from WEX, which includes monthly adjustments inclusive of exchange pass-through rebates as well as monthly charges. Such pass-through rebates from WEX will vary month-to-month depending on UBSS's trading activity levels and the exchanges volume tiers, and/ or exchange fees and rebate schedules month-to-month. The total amount of monthly credits may exceed the total monthly charges. For Q1 2023, UBS received pass-through rebates from the BOX Options Exchange, Miami International Securities Exchange, International Securities Exchange, ISE Mercury Exchange, Cboe BZX Options Exchange, Cboe EDGX Exchange, Nasdaq GEMX Exchange and Nasdaq PHLX Options Exchange. The total amount of the monthly credits received from WEX exceeded the total monthly charges.

For more information related to WEX, please see their SEC Rule 606 disclosures and routing information: <https://www.tradewex.com/Home/Rule606>.

For Q1 2023, overall total exchange fees for UBS exceeded total rebates from the exchanges.

Wolverine Execution Services, LLC:

Wolverine Execution Services, LLC (WEX) is a broker-dealer that offers an options trading platform with connectivity to option exchanges, as well as a suite of execution algorithms. UBS Securities LLC pays fixed costs to WEX for accessing the option exchanges in conjunction with utilizing their trading platform and execution algorithms. Though UBSS accesses options markets via WEX, exchanges may send execution costs, offset by any rebates, directly to UBSS. UBSS may receive volume adjusted fees and rebates from exchanges (i.e., "pass-through rebates") based on WEX's tiers from certain exchanges. The amount of pass-through rebates may vary based on trading activity, and where UBSS benefits from WEX's tiers, these rates may vary depending on WEX's overall trading volumes from their clients, including UBSS. Any option exchange in its sole discretion may also add, remove, and change both volume tiers, and/or exchange fees and rebates month-to-month.

On a monthly basis, UBS also receives summary information from WEX, which includes monthly adjustments inclusive of exchange pass-through rebates as well as monthly charges. Such pass-through rebates from WEX will vary month-to-month depending on UBSS's trading activity levels and the exchanges volume tiers, and/or exchange fees and rebate schedules month-to-month. The total amount of monthly credits may exceed the total monthly charges. For Q1 2023, UBS received pass-through rebates from the BOX Options Exchange, Miami International Securities Exchange, International Securities Exchange, ISE Mercury Exchange, Cboe BZX Options Exchange, Cboe EDGX Exchange, Nasdaq GEMX Exchange and Nasdaq PHLX Options Exchange. The total amount of the monthly credits received from WEX exceeded the total monthly charges.

For more information related to WEX, please see their SEC Rule 606 disclosures and routing information: <https://www.tradewex.com/Home/Rule606>.

For Q1 2023, overall total exchange fees for UBS exceeded total rebates from the exchanges.

BATS Y Exchange:
Net payments for purposes of Rule 606(a)(1) solely include transaction fees and rebates for CBOE U.S. Equities Exchanges (EDGX, EDGA, BZX, BYX). At the end of Q1 2023, based on the volume-tier schedule publicly provided by CBOE as of March 31, 2023, UBSS did not qualify for volume-based tiered fees and rebates on this exchange; rates applied can be found in the enclosed UBSS US Equities Tiered Rate Card 2023Q1 that accompanies these material disclosures. Exchange fees and rebates may vary for specific clients. Please note that CBOE BYX in its sole discretion may add, remove, and change volume tiers, as well as exchange fees and rebates month-to-month. Overall transaction fees and rebates for CBOE BYX transactions executed by UBSS will vary month-to-month depending on trading activity levels. From time to time, the amount of rebates/credits that UBSS receives from an exchange may exceed the amount of fees that UBSS is charged by such exchange. In these limited circumstances, the receipt of net payments from an exchange would constitute payment for order flow.

UBSS also operates a Retail Market Making (RMM) desk that serves as a Retail Member Organization (RMO) on a number of US securities exchanges (including BATY) and routes retail orders to exchange retail liquidity or priority program to receive price improvement, improvement in execution quality, or exchange fees/rebates available to retail order flow. Material Aspects:

Wolverine Execution Services, LLC:

Wolverine Execution Services, LLC (WEX) is a broker-dealer that offers an options trading platform with connectivity to option exchanges, as well as a suite of execution algorithms. UBS Securities LLC pays fixed costs to WEX for accessing the option exchanges in conjunction with utilizing their trading platform and execution algorithms. Though UBSS accesses options markets via WEX, exchanges may send execution costs, offset by any rebates, directly to UBSS. UBSS may receive volume adjusted fees and rebates from exchanges (i.e., "pass-through rebates") based on WEX's tiers from certain exchanges. The amount of pass-through rebates may vary based on trading activity, and where UBSS benefits from WEX's tiers, these rates may vary depending on WEX's overall trading volumes from their clients, including UBSS. Any option exchange in its sole discretion may also add, remove, and change both volume tiers, and/or exchange fees and rebates month-to-month.

On a monthly basis, UBS also receives summary information from WEX, which includes monthly adjustments inclusive of exchange pass-through rebates as well as monthly charges. Such pass-through rebates from WEX will vary month-to-month depending on UBSS's trading activity levels and the exchanges volume tiers, and/or exchange fees and rebate schedules month-to-month. The total amount of monthly credits may exceed the total monthly charges. For Q1 2023, UBS received pass-through rebates from the BOX Options Exchange, Miami International Securities Exchange, International Securities Exchange, ISE Mercury Exchange, Cboe BZX Options Exchange, Cboe EDGX Exchange, Nasdaq GEMX Exchange and Nasdaq PHLX Options Exchange. The total amount of the monthly credits received from WEX exceeded the total monthly charges.

For more information related to WEX, please see their SEC Rule 606 disclosures and routing information: <https://www.tradewex.com/Home/Rule606>.

For Q1 2023, overall total exchange fees for UBS exceeded total rebates from the exchanges.
